

EYFS - 3-4

Encourage children to talk about the differences they notice between people, whilst also drawing their attention to similarities between different families and communities. Show interest in different occupations. Know that there are different countries in the world and talk about the differences they have experienced or seen in photos

Geography Pathway

Year A

EYFS

Year 1 - 6

EYFS - RECEPTION

Draw information from a simple map. Understand that some places are special to members of their community. Recognise some similarities and differences between life in this country and life in other countries. Recognise some environments that are different from the one in which they live.

Environmental study –
Impact of felling in local forest

Geographical skills and fieldwork – use simple compass directions

Geography around the word: Jamaica and UK comparison

Year 1 and 2

UK and local land use (locational knowledge – UK and local)

Year 3 and 4

The Water Cycle (Human and Physical Features)

Rivers – Europe (locational knowledge – world/Europe)

Year 5 and 6

What is life like in the UK? A shared diversity.

Local Field Work Study – Rivers (Okehampton)

Locational Knowledge: identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones

Place Knowledge and human and physical: How does exploitation of natural resources cause problems? Describe how features and places change and the links between people and environments by explaining why some Biomes are under threat due to land use change and pollution

Field Work Study – Economic activity in our local village
